Preschool catalogue

Welcome to Read Pacific's first Preschool and Early Childhood Catalogue

Here at Read Pacific our aim is to empower educators and parents alike to improve children's lives through education. Every year we look at ways to help develop and improve education outcomes by researching new ideas, products and pedagogy to assist educators and parents. This year we are very excited to launch a new range of products to help our youngest learners develop a love of learning.

We will look to expand this product range this year and next and encourage you to make contact with us if you have any special requests for additional products.

We look forward to expanding this product range throughout the coming months, so please continue to check our website regularly.

Happy learning!

First 100 Numbers and Shapes Bingo Game

CODE: F101302

\$27.00

Kids pick a card and place a token on the bingo board if there is a match. If a player is able to complete 4 in a row, he or she yells "Bingo". This game features words and pictures from the best selling First 100 book series.

Coloured Magnetic Counters

CODE: 11562

\$17.00

100 piece pack.
Each tile measures 25mm.
Perfect for use with student and teacher whiteboards.

Aquatic Creatures Counters

CODE: 11020

\$23.00

84 piece pack. Fun, simple and brightly coloured for little learners.

Farm Animal Counters

CODE: 10782

\$28.00

72 piece pack. Rooster, pig, cow, duck, sheep and horse.
6 shapes and 6 colours.

Attribute Blocks

CODE: 10118

\$21.00

60 Piece pack. In 3 bright colours, this 60 piece set of attribute blocks come in various shapes and thicknesses. The shape sorter tray ensures the set stays together. The tray is 20cm x 15cm x 3cm. Made from durable plastic, this set is ideal for classroom use.

This Attribute Blocks Pocket Set helps students with activities to practice ordering, patterning, classifying and also understanding equivalent relationships. Attribute blocks form a strong basis for students to recognise more complex attributes in other objects and introduce more complex mathematical vocabularies. As their name suggests, attribute blocks are easily sorted into colour, shape, size and thickness.

The first process is for early learners to sort by one attribute and then progress to determining two or more ie: same shape – different size, or same colour – different shape.

Cotton Reels in a Tub

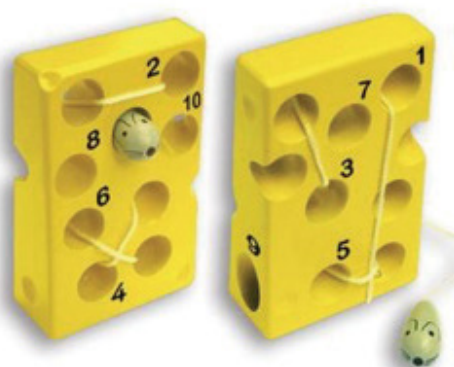

CODE: 30075

\$28.95

122 piece pack. The tub contains 122 cotton reels and 6 strings. Each reel is 30mm x 30mm. The reels are in primary colours. Each string is 700mm each. The container is 195mm wide x 220mm high. Made from plastic.

- Made from durable plastic, these are hard-wearing to allow for classroom use.
- Bright primary colours make these fun for counting and sorting activities.
- The cotton reels are a great size for little hands to count and sort.
- The clear tub is stackable, making storage easy.
- Set contains strings for threading activities which provide a good level of challenge for younger children, encouraging fine motor skills.

Maths Fun and Learning For Little Learners

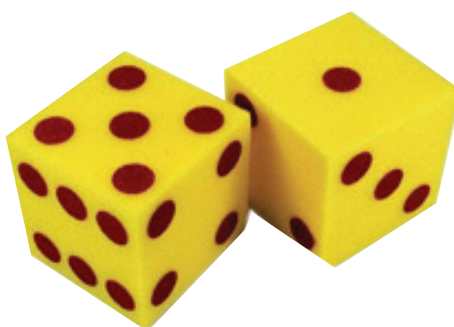

Lacing Cheese

CODE: 10090

\$28.00

This highly attractive, large wooden lacing cheese activity makes early mathematical processes fun and interesting. Passing the threaded mouse through the 10 numbered holes aids hand-eye co-ordination skills and encourages progression on number recognition, sequencing, identifying odd/even numbers, counting on/back, addition, subtraction, etc.

Size 14 x 8 x 4cm.

Soft Foam Dice – Dots

CODE: 11067

\$14.50

This set of soft foam dot dice is excellent for teaching children about chance and probability, as well as other key maths concepts like number sense, counting, addition, subtraction and much more. Each foam dice measures 12.5 cm square and comes in the colour yellow. Supplied in a set of 2. This large foam dice is easily visible by a group of children in the classroom. The size makes it perfect for a class activity. The material ensures it lands silently when thrown to avoid loud noises in the classroom caused by rolling the dice. This makes it also perfect to use in a classroom by a smaller group of students, while other students can be working on other projects.

Soft Foam Dice – Numbers

Triang Classic Ride on Motorcycle

CODE: RP3112 (YELLOW AND RED)

\$37.00

CODE: RP2824 (PINK AND WHITE)

\$37.00

The AT cycle is a classic ride-on for Kiwi kids! The cycle is robust, longer-lasting and has UV stabilized polypropylene mouldings. The smooth edges aid in comfort and safety with the ergonomically designed handlebar and grips, making it easy to steer for a better riding experience.

Recommended for ages: 1 year +.

Triang Classic Ride On Excavator

CODE: TR2406

\$95.00

A metal construction swing and grab function excavator is a classic outdoor play equipment piece. It moves bucket loads of sand in no time and turns every sandbox into a construction site. At the same time it encourages role-play, stimulates the imagination, and strengthens right-left hand co-ordination as the movements of the shovel follows the movement of the hands just like a real excavator.

Product Dimensions: 1100 x 280 x 540mm.

Sand Buckets
