# Reading for Success

We know it is difficult for our Sunshine Pacific family in 2021. We are unable to visit and share the reading success that is happening in schools in your region where wonderful teachers use Sunshine. Read Pacific and their great team are working hard to share samples and brochures with you. All of our new titles are featured in this catalogue. Thank you for your continued support to make a difference to the lives of children in your region.

## Sunshine Phonics Decodable Books

**A Decodable Programme to help all children learn to read**  
Our Decodable series has been very successful. We are excited about the 70 titles and the comprehensive lesson plans and activity sheets in the Teachers' Books. We are sure that these enjoyable stories will become firm favourites with Pacific children. The programme teaches phonics skills systematically so that children can learn the sounds and the letters that represent them. They can then practise and apply this knowledge. This ensures that every beginning reader experiences success in their reading from their very first book!

For details see page 2

## Next Steps

These stories are written around a group of children, their pets and their seaside community. There is a focus text type in each book. The books are 40 pages plus cover with short chapters, colour illustrations, maps, raps and glossaries. This is a valuable resource for students moving into chapter books.

# Sunshine Phonics Decodable Books

New Zealand Series with **real stories** using words that students **can** read!

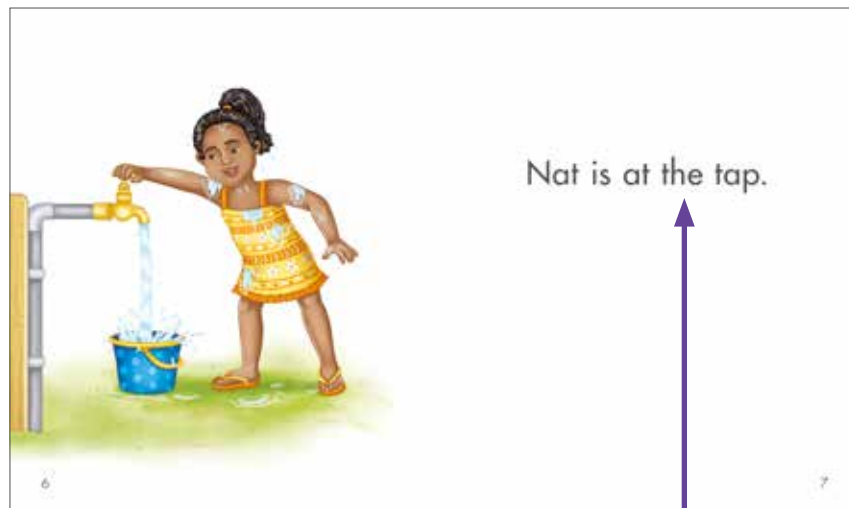

## Real Stories

While the Sunshine Phonics books are decodable texts, they are also **real stories**! The stories follow the adventures of Nat, Dan and Sam and their pets and friends. All young students can relate to the fun storylines and enjoy the humorous endings.

## Words Students Can Read

The Sunshine Phonics books allow students to practise their developing phonic knowledge by reading books that only include the sounds that they have learnt. Some tricky words (not easily decodable high-frequency words) are also learnt as these words are necessary for any story. The result is reading success for all students!

Clear, colourful illustrations to support the text and storyline

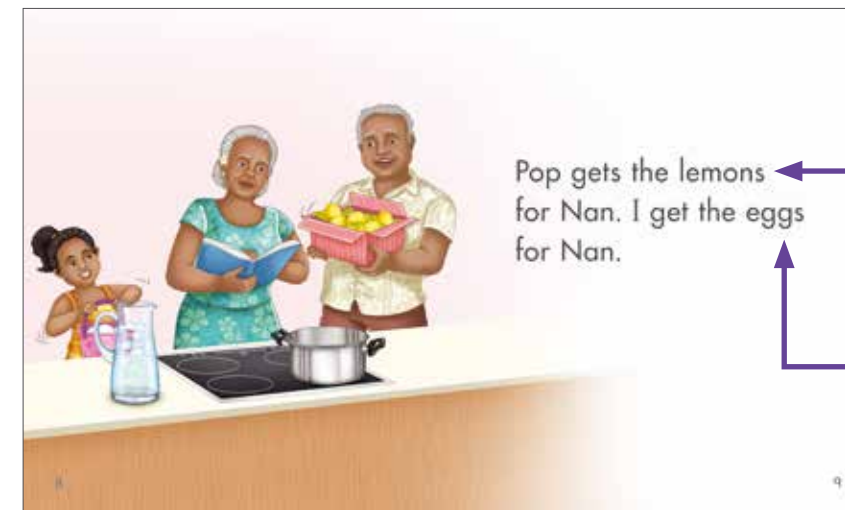

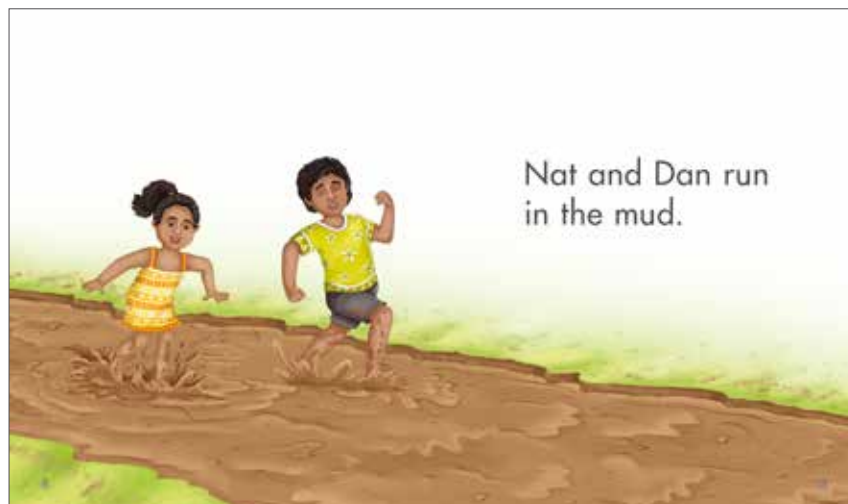

Real stories featuring the same key characters – Dan, Nat and Sam

Some "tricky words" are introduced. These are high-frequency words that are not easy to decode at this stage.

Decodable text featuring mostly CVC words in Sets 1–3.

Large, well-spaced text

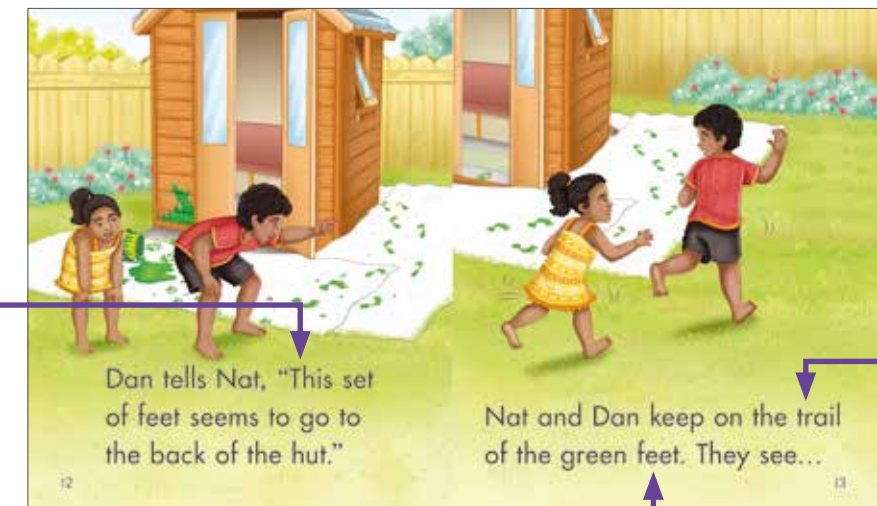

In Set 3, two-syllable decodable words are introduced.

In Set 3, double letters are introduced.

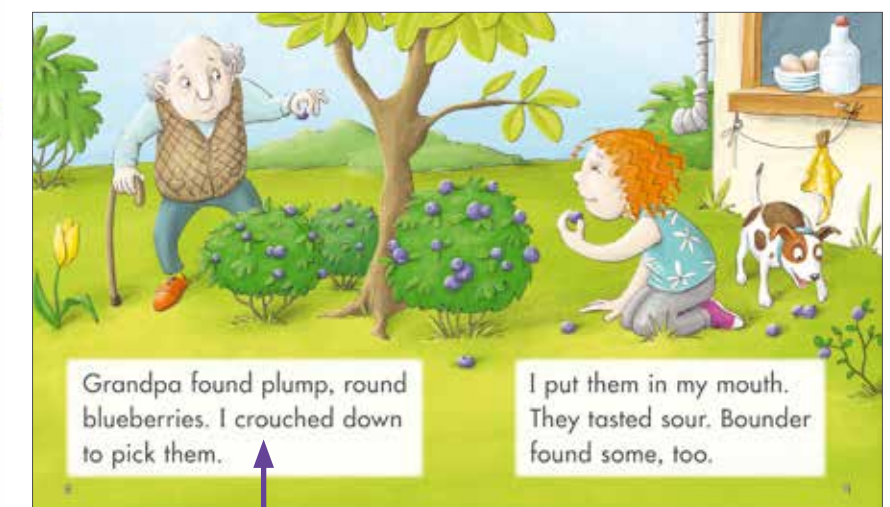

Consonant digraphs are introduced in Set 4.

Each book in Sets 4 and 5 has a focus digraph or trigraph. In this book it is the digraph /ee/.

Adjacent consonants are introduced from Set 4.

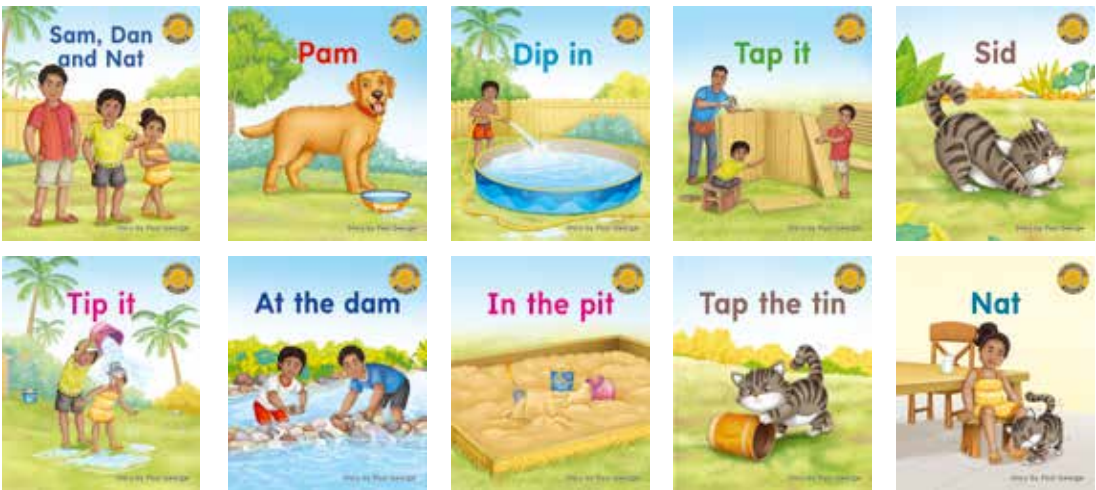

In Sets 6 and 7 alternative graphemes are introduced. In this book the new grapheme being learnt is 'ou' for the known phoneme/grapheme /ow/.

- The first three sets of the programme cover 23 phonemes of English.
- There are 10 books in each set (30 total).
  - Sets 1–3 introduce all consonants and short vowels.
  - Sets 1–3 focus is on predominantly VC and CVC words and a few tricky words.
